

Senior Sustainability Consultant

We are seeking to employ a Senior Sustainability Consultant (certification) to join our team in our Manchester, London or Farnborough office.

The Role

An exciting opportunity has arisen within Hilson Moran's Sustainability Group based in our Farnborough or London offices for experienced building certification specialists to join our expanding team. The role will involve carrying out assessments using a range of certification methodologies including BREEAM, and WELL. The role will involve the management and delivery of building certification consultancy to blue chip clients throughout the UK and overseas on some of the world's most prestigious projects. The role will be client facing and candidates should be experienced in providing high level technical advice on a broad range of sustainability issues

We'd Like To Hear From You If You Have:

To succeed in the role individuals will need to demonstrate an excellent understanding of sustainability

issues in the built environment, an in-depth knowledge of building certification standards and excellent communication skills both oral and written.

Qualifications & Skills:

Applications will be accepted from 'Green' certified professionals, and candidates holding an honours degree or higher with considerable experience delivering projects in a consultancy environment. Knowledge and experience of other certification methods LEED, Home Quality Mark would be beneficial.
