

Senior / Principal Electrical Engineer.

We are seeking to employ a Senior / Principal Electrical Design Engineer to join our team in our Farnborough office.

The Role

We are currently seeking a Senior or Principal Electrical Design Engineer to be based out of our Farnborough office on a Contract or Full time basis. The main responsibilities being to deliver projects on time and to the highest technical standard along with management support.

Your Responsibilities Will Include, But Are Not Limited To, The Following:

You will need to be both a team player working within a multi-disciplined group assisting the senior engineers along with helping and encouraging the graduate members, as well as having the initiative to work alone. You will monitor

the quality control on projects to ensure the company quality standards are being achieved, prepare calculations/specifications and drawings, ensuring they comply with the clients brief.

We'd Like To Hear From You If You Have:

You will be an enthusiastic individual, with a relevant degree in Electrical Design. You will have experience of commercial (new build, refurbishments and fit out), residential and mixed use developments and should possess an in depth knowledge of Building Services Engineering Systems including their performance, application and operation.
